Praveen K Vohora, CPA-CA

Founder, VohCom Software Inc

“Our workflow engine and automatic time tracking helped grow my firm from a 9-person practice in a small town to a 50-person practice with a head office in Vancouver. **PracticeFlo** enhances the efficiencies our firm already achieved with the newest and best cloud technology.”

Demonstration

History of VohCom

VohCom Page helped Vohora & Company grow from a 9-person firm to a 50-person firm with 4 offices based in Vancouver

Everything where you need it while time is automatically tracked

More time to focus on work, less time spent tracking time and finding files

Automated time-tracking increased recovery and eliminated missed billing opportunities for every member of the firm

Designed to allow work on the road while expanding to the Lower Mainland

Commitment to Client Success

Harness comprehensive training, data services and industry-leading support

Commitment to client improvement and success

PD-eligible training available on site or remotely

Product and technical support available when you need it.

Video database for on-demand learning and success

Responsive product development

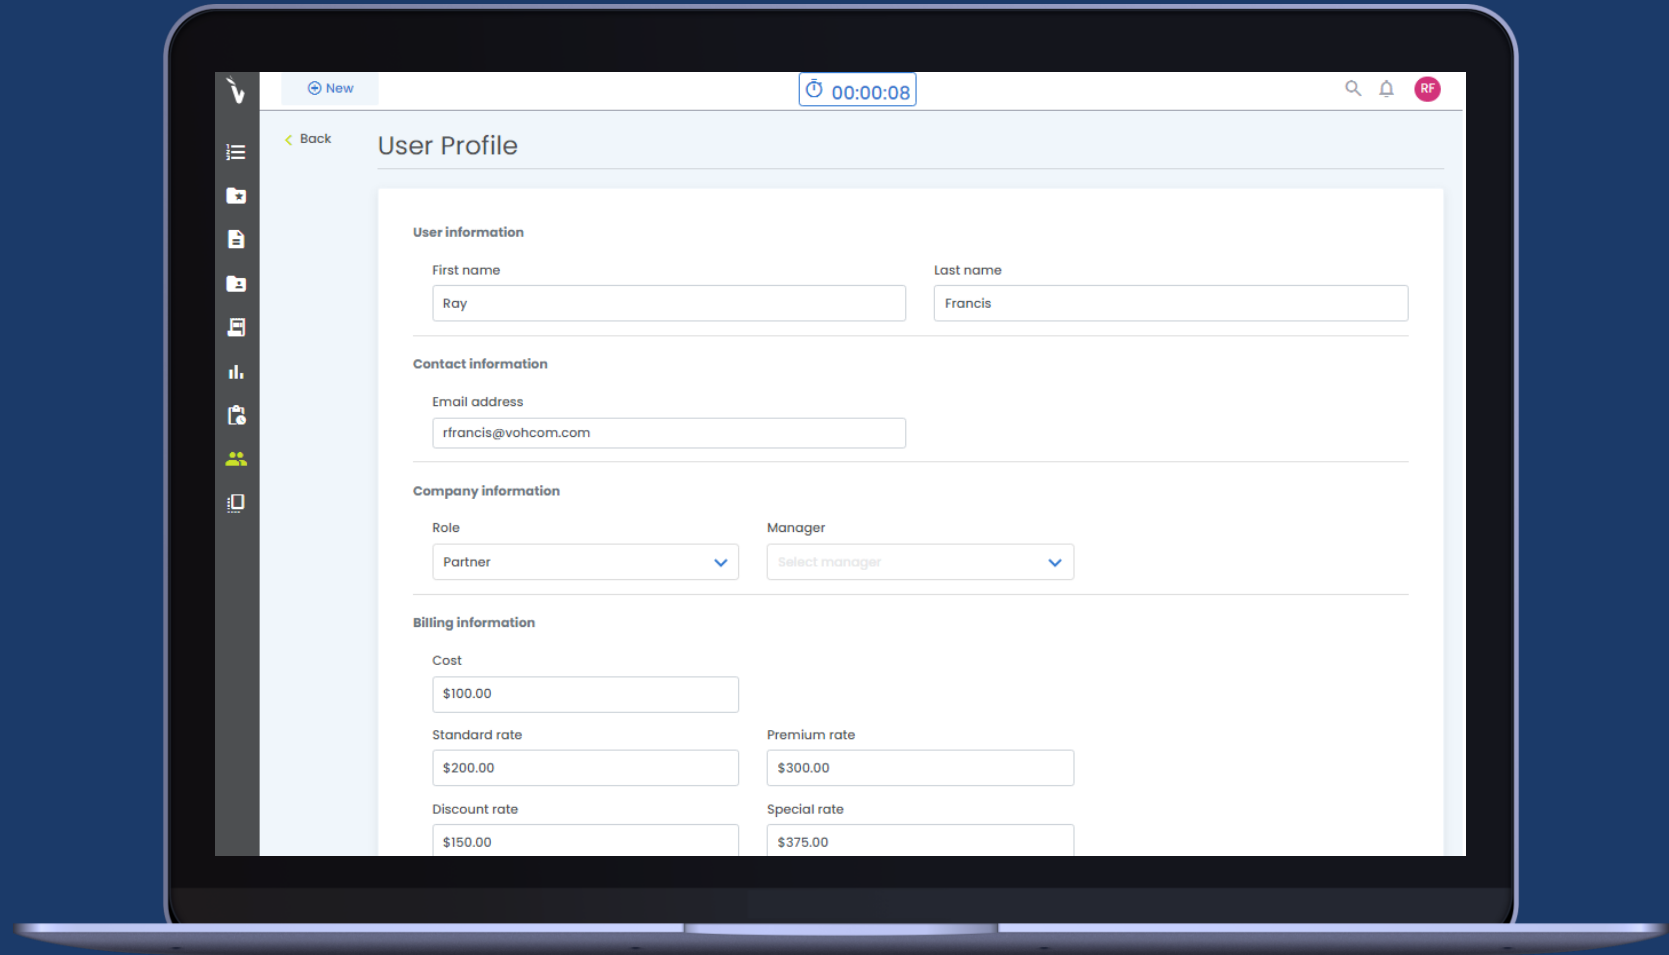

Master the software and follow the best practices of successful practitioners
