

What is Dext Prepare

Dext Prepare streamlines the capture of receipts, invoices, and other documents that help you manage your finances from start to finish. Spend less time on manual tasks and more time on things that matter within your business.

Why should you use Prepare

Go paperless

Avoid printing documents and send the digital copy through to Dext.

Access records anytime anywhere

Your data, stored safely in the cloud.

Audit proof your business

An archive of all supporting documentation when you need it.

Better reporting, better decisions

More data equals better insights from your advisor.

Never miss an expense ever again

Get back the tax you deserve.

Automate online invoice collection

Automatically fetch documents from 1500+ online supplier portals.

Real time reconciliation

Your accountant can have your records up to date by providing documents sooner.

No more chasing from your accountant

Submit on the go to ensure no paperwork is ever outstanding.

How do you use Dext Prepare

Dext prepare offers numerous submission methods to make the capture of your documents seamless including;

- ✓ **Mobile App:** take a photo and upload documents in seconds
- ✓ **Email:** enable your suppliers to send invoices directly to Dext Prepare for processing
- ✓ **Web:** Attach documents from your computer
- ✓ **Auto Fetch:** Connect online platforms to Dext to automate the collection of invoices

The source images will be stored in Dext and attached to the transactions within your accounting system providing your Accountant or Bookkeeper with complete visibility and reducing the need to chase documentation.
